## Furniture Covers

Our garden furniture covers have been manufactured with highly durable ripstop material to provide winter protection. All covers benefit from a 1 year guarantee.

### Key Features

- Durable ripstop fabric
- Heavy-duty fastenings
- UV-resistant
- Easy to fit
- Water-repellent coating
- Drawstring cord lock
- Mesh air vents
- Complete with storage bag

*Please note, details may vary based on product size and colour.*

### Fitting Your Cover

- Ensure your furniture is clean and dry before covering
- Remove any non-season-proof cushions and store in a dry area
- Push chairs as far under the table as possible and butt-up any adjoining sofa units where applicable
- Align the seams of the cover with the outer edge of the furniture to ensure the cover is fitted correctly
- Secure using the foot-loops

### Caring For Your Cover

- To remove surface dirt from the cover, warm water and a soft scrubbing brush or sponge should be sufficient  
Do not machine wash
- To prevent mould build-up it is advisable to remove furniture covers at regular intervals to allow any condensation to evaporate
- When not in use the cover should be stored in a dry area

### PLEASE NOTE

Our furniture covers are universal across furniture ranges and are not designed to be an exact fit to any given garden furniture set. In inclement conditions loose areas of material can allow for pools of water to collect between the edges of the table and the chairs. We recommend lifting the cover off the table and chairs regularly to remove any surface water which may have collected.

### Important

Over the winter months and during prolonged periods of non-use we advise removing all season-proof cushions and storing in a dry area. We strongly advise that your covered furniture is checked on a regular basis.

### Help & Returns

We are confident that you will be happy with your product. However, if you would like to return or replace a product please carefully read the following information.

- When returning an item that you purchased from us, you will have to pay the return postage and will be liable for any damage to the product. Any returned/cancelled goods must be returned to us in their original packaging and original condition. The goods must not be used whilst arranging a return. Returns may be subject to a collection/restocking fee - value dependant on the specific item and its condition
- We will only arrange/refund the return postage if we have sent the wrong product, the product is faulty, or for any other reason that is our fault. Any faulty goods must be reported within 24 hours of delivery
- Once returned, goods will be inspected, and a refund will be issued. Please note, we reserve the right to seek payment for any costs incurred if the goods are returned to us damaged or in poor condition
