Harting Sofa Set - All-weather Rattan Product Information

Please keep this product information sheet for future use.

There is no assembly required for this item.

This design is made from chunky tubular weatherproof polyethylene based rattan.

It is extremely hardwearing and durable, making it a very practical weatherproof material for outdoor garden products.

The woven seating is UV proof and will not fade in the sun or be damaged by the rain. It is woven over a rust proof aluminium frame which is both light and strong. We recommend storing all PE rattan furniture away from the English elements over the Winter months to help prolong the life of these products. Simply give them a wipe down or a gentle hose clean at the start of Summer.

The cushion fabric is showerproof but should not be left outdoors for prolonged periods. We recommend sponge cleaning any marks that appear on the fabric. The covers are removable. Handwash only in cool water.
