Soho Wall Light in Carbon - Steel Installation Instructions

Please read through these instructions and ensure they are kept for future reference.

Please note, this fitting is not supplied with a bulb. Includes 1 x wall hook.

Bulb required: 1 x LED E27 GLS Bulb Max 10W

Safety Information

1. This fitting should be fitted to a lighting supply with a protected 5-amp fuse or equivalent circuit breaker.
2. Always be sure to use the correct type and wattage of bulb as indicated on the fitting (and stated above).
3. Do not exceed the maximum wattage stated on the fitting.
4. Using the incorrect bulb or wattage may cause damage to the light and therefore void the warranty.
5. When changing the bulb, ensure the mains power supply is switched off and allow the old bulb to cool before handling.

Dispose of bulbs carefully.

Installation

- Please read through these instructions carefully before installation
 - This fitting is for indoor use only
- To hang your wall light, the cord can be looped over the hook or alternatively using the circular fitting above the lamp holder

Household Circuit Information

Household Circuit	Connects to	Fitting Wire Colour
Blue or Black (Neutral)	>	Neutral 'N'
Green/Yellow-sleeved Copper (Earth)	>	Green/Yellow
Brown or Red – Switched Live	>	Live 'L'

Check that...

- You have correctly identified the house wires
 - The connections are tight
- No loose strands have been left out of the connection block

Extra Information/Notes

- Once these instructions have been correctly carried out, the mains can be re-connected and the fitting will be ready for use
- Please keep these instructions available for future use
- We recommend cleaning with a soft dry cloth. Don't use abrasive materials, this may affect the finish and therefore void the warranty
- Waste electrical products should not be disposed of with household waste. Please recycle where facilities exist. Check with your Local Authority or retailer for recycling advice.
