Battery Operated LED Lights

Please read these instructions and warnings carefully before use to ensure safe and satisfactory operation of this product.

Please note

This battery operated light set is suitable for INDOOR and OUTDOOR use.
This unit uses non replaceable LEDs.

Instructions for use

Carefully remove the product from its packaging.
The whole unit should be frequently inspected for signs of damage and should be discarded if any damage has occurred.

Changing the batteries

Batteries should be removed and replaced by adults only.
Unscrew the screw securing the battery cover, unclip battery cover and remove the old batteries.
Insert 3 new AA batteries with the correct polarity (+/-).
Ensure the flat face (negative) end of the batteries align with the spring contacts.
Replace compartment cover, re insert screw and tighten fully.
Safely dispose of used batteries in a suitable recycling facility.

Warnings

Use only recommended batteries.
Do not mix old and new batteries, or batteries of a different type.
Batteries should always be inserted the correct way. The supply terminals are not to be short-circuited.
Always remove exhausted batteries from the unit.
Remove batteries if the product is not to be used for an extended period of time.
Do not attempt to re-charge non rechargeable batteries.
Rechargeable batteries should be removed from the product before recharging and should only be recharged under adult supervision.
Batteries contain substances that are harmful to the environment and human health.
Never throw batteries into a fire or attempt to open the outer casing.
