Care Instructions

We advise against the use of abrasive or corrosive cleaning agents as discolouration may occur.

Please avoid positioning your furniture on uneven surfaces.

Whilst suitable for indoor and outdoor use, we recommend storing your storage box undercover to preserve its condition during the winter months.

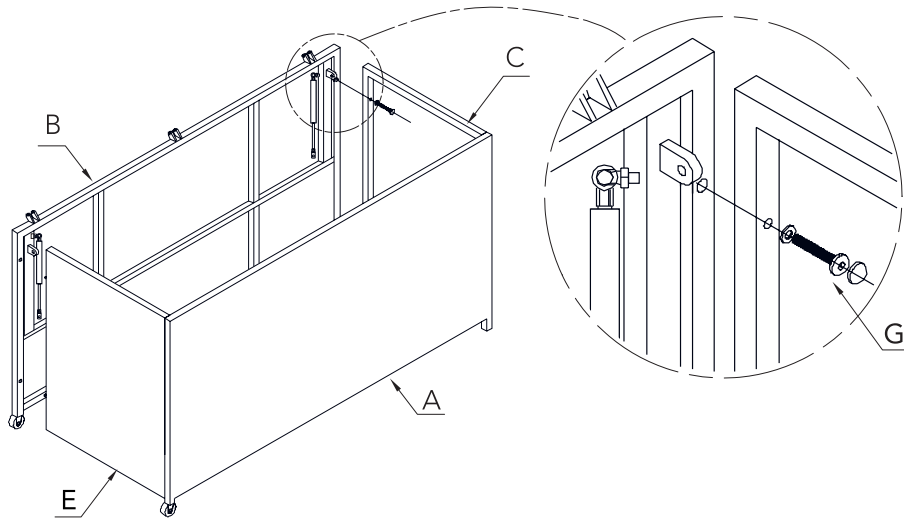

To avoid fading over time, do not expose your furniture to direct sunlight.

Please do not drag the furniture, we recommend to always lift it to move, avoiding any breakages.

We advise that two people assemble the product together. Parts can be heavy.

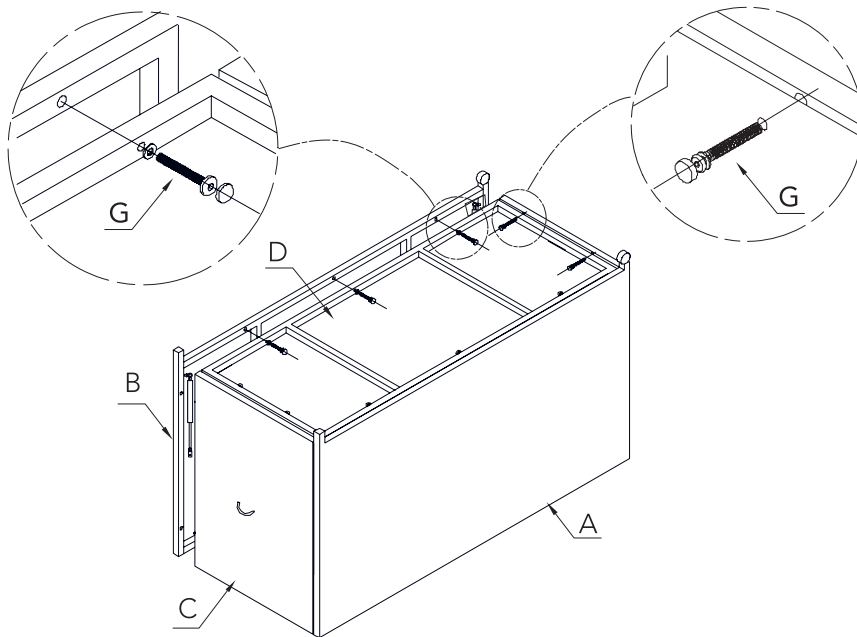

Step 1

Fix the four sides (A,B,C and E) together using screws G provided.

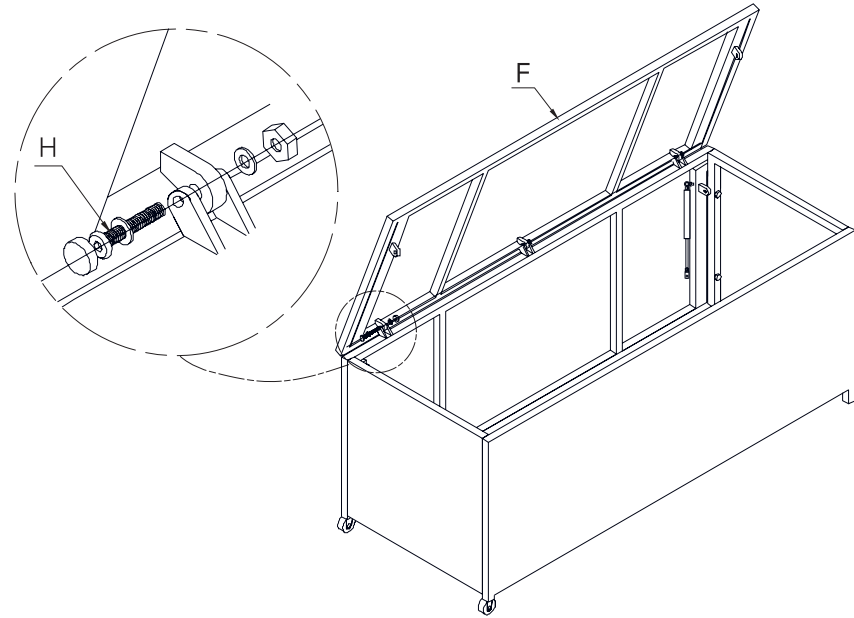

Step 2

Turn the storage box upside down so that the base (D) can be fixed using screws G provided.

Step 3

Turn the storage box back to it's upright position. Fix the lid (F) to the back panel using screws H.

Step 4

Please clip the gas struts to the lid. Fix the liner to the inside of the box using the Velcro.
