Double Wheelie Bin Cover

1. Lay the roof on the ground with the underside facing up
2. Using the bolts provided fix the 2 slatted sides to the roof panel making sure that the longer front side fixes to the front edge of the roof (front edge has only 3 double sets of holes)
3. When brought upright the roof panels should slope away to the back as shown below
4. Secure the tallest vertical slat (with the lock holds) at the centre front of the roof
5. Secure the horizontal slat with 10 holes to the back of the wheelie bin cover then onto both sides
6. Attach the remaining 5 vertical slats on to the back of bin cover
7. Secure the doors at the front
8. Fix the metal bar in the arrow position to help brace the side walls of the bin store below the door
