Original Post Box Assembly Instructions

Please follow the below instructions to fix your post box and ensure they are kept for future reference.

Fixing Instructions

1. Open the top of the post box and mark the 2 screw holes with a pencil
2. Drill 2 holes deep and wide enough for the wall plugs
3. Hammer in supplied wall plugs
4. Put screws through the post box and into the spacers provided.
5. Align post box with the wall plugs, and drill screws through the post box, spacers and into the wall plugs.
